

Latest Update
12/28/21

I am writing to inform you that 3 staff members have tested positive for Covid today, 12/28/2021. These staff members are fully vaccinated. Through contact tracing we have identified that one staff member had close contact with elders on the WCC 2100 unit. Families have been notified directly if their loved one had an exposure to this staff member, and these elders have been placed on yellow precautions and will be Covid tested per mandates. The other two staff members are clinical but did not have significant contact with elders.

We are very sad to report that two elders with Covid died overnight. Both of these elders and their families had opted for a comfort plan and did not want to go to the hospital for aggressive support. We keep them and their families in our prayers.

We continue to have 1 elder on 9th floor and 4 elders on the special care unit with Covid. They are isolating in their rooms. Due to these cases, we strongly discourage visitation to the SCU and the 9th floor rehab unit at this time. Visitation is not, however, prohibited. If you do choose to visit at this time please be aware of the risk and be extremely careful with personal protective equipment during your visit.

Finally, we will be having a Covid call update this week given the increase in community prevalence and within St Ann's. Information on how to join this call is noted below.

Should you have any questions regarding this communication, please forward them to Covidquestions@mystanns.com.

Sincerely,

Kim Petrone/ Kelsey Butler

This Family Zoom meeting is scheduled for Thursday, 12/30/2021, from 12:00 – 12:30 p.m.
